EDUCATION

Bachelor of Computer Science   2021 – 2025
El-Shorouk Academy

COURSES

ASP.NET Core Diploma 🔗   05/2024 – 10/2024
Route Academy
Covered key backend development areas including databases, C# fundamentals,
OOP, Advanced C#, Collections, SOLID Principles, Design Patterns, LINQ, Entity
Framework Core and Dapper,ASP .NET Core MVC,ASP .NET Core APIs, SignalR

Innovation and Entrepreneurship 🔗   03/2024
TIEC
I received my certificate from InnovEgypt program from TIEC for innovation and
entrepreneurship.

Problem Solving   01/2023 – 06/2023
Coach Academy
Advanced training in algorithmic thinking, optimization, and complex data
structures, with hands-on experience in dynamic programming, graph algorithms,
and backtracking.

PROJECTS

Talabat APIs 🔗
E-Commerce API System
Developed an API system for web services with features like Web API Services, Database Integration, Identity
Management, Redis Integration, Error Handling, and CORS Support. Tools & Technologies: C#, ASP.NET
Core, SQL Server, Redis, Entity Framework Core, Middleware, JWT Tokens.

GameZone MVC 🔗
CRUD Operation System
Developed a skill-testing system using C#, MVC, SQL, and various web technologies, focusing on architecture,
data management, and error handling.

SKILLS

**Database Design | SQL Server | C# | OOP | LINQ |
EntityFramework | ASP .NET Core MVC | ASP .NET
Core Restful APIs | SignalR**

•Communication | Leadership

Problem Solving
Solved over 1,000 problems on Codeforces,
LeetCode, and AtCoder and managed to achieve the
Pupil rank on Codeforces
